LOUIS A. SAYRE,

H. B. SANDS,

ALEXANDER B. MOTT.

## IV

# INTRODUCTION.

---

The members of the House Staff of Bellevue Hospital have long felt the desirability of possessing some accurate record of those who have served as Resident Physicians and Surgeons in that Institution. It is in accordance with their wishes that this Catalogue has been prepared.

It is to be regretted that more definite information in regard to the period of service could not be furnished.

It would have been desirable to state the date of each appointment, and the expiration of service, or resignation of each member, the Division of the Hospital on which he served, and his residence after leaving the Hospital. In but a small proportion of cases, however, has the information accessible to those who have undertaken this task allowed this, and a desire for uniformity has prompted the plan of statement that has here been adopted.

It is the purpose of the Staff of the Hospital to continue the publication of this Catalogue at regular intervals, and it is hoped that members will furnish information in regard to themselves and others, that will make future publications more satisfactory. Any communication may be addressed to "Publication Committee, House Staff, Bellevue Hospital."

The present Staff desire to express to the Commissioners of Public Charities and Correction, and to Warden Brennan, their appreciation and thanks for the cordial manner in which the proposition of publishing this catalogue was received and their generous publication of the same.

MOULTON H. FORREST,  
L. BOLTON BANGS,  
JAMES L. PERRY,  
WILLIAM T. BULL,  
T. HERRING BURCHARD,  
JEFFERSON DAVIS GRIFFITH.

Bellevue Hospital, Sept. 30, 1873.

## Bellevue Hospital.

---

The first stone was laid August 1, 1811. The building was not completed until 1816, when it was opened as a Hospital, Almshouse and Penitentiary, under the direction of the Common Council. The Medical Staff consisted of one Visiting and two young Resident Physicians. In 1826 the Hospital and Almshouse were separated. In 1848 the Bellevue grounds were cut up and the convicts sent to Blackwell's Island. In 1849 the Common Council were superseded by Ten Governors.

The system of competitive examinations for positions on the Hospital Staff began in 1849, so that on Jan. 1st, 1850, the Staff consisted of

### HOUSE PHYSICIANS.

Isaac J. Senior  
Arthur H. Jackson,  
Horatio W. Gridley,  
Charles Page,  
John Moore.

### SENIOR ASS'T HOUSE PHYSICIANS.

E. Lee Jones,  
Stephen Smith,  
Lefroy Ravenhill,  
R. H. Alexander,  
Frederick Nash.

—— Adams, *Junior Assistant*. Ezra B. Fountain, *Junior Ass't*.

The Junior, Senior and House services were each of 6 months duration. The service was divided into 4 medical and 2 surgical divisions. The 1st and 2d medical divisions consisted of male and the 3d and 4th of female wards, and the physicians rotated, serving 3 months on the male and 3 months on the female side.

In 1855 the size of the Hospital was increased by the erection of the present spacious N. E. wing.

In 1860 the Ten Governors were superseded by four Commissioners of Public Charities and Correction.

Hon. Simeon Draper,

“ James B. Nicholson.

Hon. Moses H. Grinnell,

“ Isaac Bell, Jr.

In 1866 the Hospital service was re-divided into 3 medical and 3 surgical divisions, each division having male and female wards, and the physicians no longer rotated except on the Obstetrical and Uterine services.

The same system is still continued.
